ESSENCE

Press: Entrepreneur BLACK ENTERPRISE ESSENCE SPEAKERS BlackNews.com

“

“Quinn was our MC for the TEDx Catoclin Circle Women event and she slayed the audience with her wit, sense of humor, professional demeanor, and can-do attitude. Quinn immediately impressed us all with Wow power. Her post-event survey results were 5 out of 5, with the following comments: awesome, added value to the event, high energy, and often referred to as the lady with amazing positive high powered attitude.”

**—TANJA THOMPSON**  
TEDX CURATOR

“Quinn's Emcee role was one of the highest rated attributes of our annual 2018 event. So of course, we asked her to come back in 2019 and we received the same results - high ratings for how Quinn personalized the event, kept it moving with efficiencies without seeming "rushed", and told the story of BBB through the event's awards and program services. She literally is one of the key's to our annual event's success.”

**—ANGIE BARNETT**  
PRESIDENT & CEO OF BETTER BUSINESS BUREAU (BBB)

“Our audience commented on how Quinn's energy and ability to host a virtual event we hosted in partnership with Nike was flawless! She kept the audience engaged and the flow thriving at all times. Her energy was infectious and she did an awesome job incorporating sports analogies into the business world. If you need an interactive, high-energy event emcee, host or moderator Quinn Conyers is the woman for the job! I highly recommend her!”

”

Quinn served as the Event Emcee before 500 women at the Women's Leadership Forum and she became the voice of the voiceless. Asking probing questions of our keynote and panelist as a magnetic moderator while allowing them to still be in the spotlight was amazing to witness. Ahhhhh, the art and gift of her existence and talent only few possess."
